Dear Mr. Rajasekhar,

Sub: Installation of e-office software in our bank

We are currently using all the modules and primarily the Knowledgebase and Document warehouse, as these modules are very close to our day- to- day operations. We optimally use your product for internal communication, approval process, retrieving the stored documents etc.

eOffice has brought lot of accountability and transparency in our Bank and of course needless to mention about the work culture too

We appreciate your support and services during and after the implementation.

With regards

G. Madana Gopala Swamy.
