Subject: CLIMS Implementation at Central Institute for Research on Cotton Technology.

We are happy to announce that CIRCOT Laboratory information Management system (CLIMS) designed, developed by Indus Business systems Limited (IBSL) is successfully implemented at Central Institute for Research on Cotton Technology (CIRCOT).

With the CLIMS implementation we could successfully streamline our testing process and thereby helping us to improve our Services to our customers.

The CLIMS helping us in Testing of textile materials, Physical, chemical and microbiological testing of fibers, yarns and fabrics.

Further to the above, we are also happy with e-office and user-friendly features of CLIMS and support after implementation of CLIMS at onsite (direct personal presence) and on-line (like emails, telephonic etc) and providing Upgrades of application after incorporating modifications as when required by CIRCOT

Our best wishes to Indus Business Systems Limited and wish them success in their future Endeavors.

Thanking you

Your Faithfully
